

Events and Online Registration Made Easy

The Children's Forum now offers an Online Event Registration System that helps you manage trainings, symposiums, luncheons, meetings and other business-related occasions that require registration. Designed as a web-based, data management platform, the Online Event Registration System permits the majority of attendees to register and pay for an event online, saving you hours on the phone and less time processing paperwork.

Online Event Registration System Features and Benefits

- **User-friendly system for attendees to register online**
- **Attendee information safely stored online**
- **Secure online credit card processing**
- **Access reports to track payments, sign-in sheets, attendance verification and no-shows**
- **Create name tags and certificates**
- **Customized look and feel for brand awareness**

We offer flexible package options and an affordable flat pricing schedule with no surprises or hidden fees. Our friendly and knowledgeable customer service staff assist you in setting up an account.

In addition to our Online Event Registration System, the Children's Forum also provides graphic design, website development, advertising, brand development and community outreach services at a price you can afford. The Forum is committed to enhancing the quality, affordability, and availability of child care and early education so we understand the challenges you face with promoting your organization.
